Position Title: Associate Program – Underwriting and Claims

Opportunity Type: Full-time
Opportunity Location: Chicago, IL and New York
Opportunity Start Date: 08/20/2012

Job Description:

Allianz Global Corporate & Specialty (AGCS) offers our clients Insurance and Risk Management solutions across the whole spectrum of the business, delivered worldwide by one Global Company. Through our diverse provide insurance for more than half product portfolio, we of the FORTUNE GLOBAL 500 companies and have market-leading capacity to manage the largest risks. We are proud of our consistently strong ratings: AA ('very strong') from Standard & Poor's and A+ ('superior') from A.M. Best.

Our AGCS Associate Program

Our program commences August 2012. It will be launched in the United States and will prepare successful candidates for roles in our core Underwriting or Claims Lines of Business.

If selected as an AGCS Associate you will benefit from:

- In-depth knowledge of the insurance business through on-the-job development in your chosen function and rotation to additional department(s)
- Mentoring and regular feedback from experienced business leaders
- Learning opportunities at the global AGCS Academy
- A lasting network with your peers helping to further shape your career at AGCS

- An exciting career in a leading, truly global company

Our ideal candidate

You are among the top graduates of your class and have completed your university degree or post-graduate study.

As the ideal candidate for the Associate Program you should be able to offer:

- Bachelor's Degree
- Relevant work experience, e.g. 1-2 years prior experience gained through internships, academic projects or full time employment.
- Strong interpersonal and relationship management skills to develop and maintain personal relationships with colleagues, peers, managers and customers.
- Strong problem solving and analytical skills to grasp and solve complex issues and present to others.
- Ability to assess the impact of issues, proposed strategies and alternative solutions within the general business planning environment.
- Strong persona initiative-taking, motivation, facilitation and empowerment skills.
- Software proficiency: MS/Excel, Word and internet data mining.
