**Job Description:**

Come Work in The Loop by the Chicago River!  
Looking for a Senior Product Analyst / Product Manager Career opportunity?

Discover for yourself what makes the Unitrin Direct the company for U!

**POSITION SUMMARY:**

We are adding to staff and looking for a Senior Product Analyst or Product Manager to join the Product Management Department at our downtown Chicago office.

Work closely with product managers in the development, implementation and management of homeowners and renters insurance programs to ensure competitiveness, profitability, and compliance with each state's regulations.

Relocation assistance is available for candidates interested in moving to Chicago for this excellent opportunity to work on a team which makes a direct impact on the company.

**ESSENTIAL JOB FUNCTIONS:**

- Lead and contribute to product development, competitive analysis, pricing, and profitability assessment.
- Prepare rate and rule filings for submission to departments of insurance and negotiate for approval to ensure rate adequacy and marketability.
- Collaborate with Marketing on targeting/risk selection and other efforts to improve response and sales conversion.
- Assist Compliance in researching various regulatory issues and implementing changes.
- Collaborate with Underwriting in developing and implementing guidelines, rules and processes.
- Work with IT to develop requirements, implement and test new systems' functionality.
- Perform data analyses and summary of findings using SAS, Excel and SQL, in order to identify areas of opportunity.
- Investigate and evaluate the current marketplace. This includes researching competitors' rates, rules, forms, and underwriting guidelines.
- Contribute to the new product development and implementation processes.
- Develop complex spreadsheets, validation of rate calculations and assessment of policy-writing systems to ensure accuracy and usability.
- Develop reports for monitoring key metrics.

**About us:**

The Unitrin Property and Casualty Insurance Group is made up of Kemper and Unitrin Specialty, which sell personal lines and commercial auto insurance through a network of independent agents; and Unitrin Direct, which sells personal auto and homeowners insurance directly to consumers.

This group represents 73% of Unitrin's \$2.5 billion of annual insurance premiums.

Our employees enjoy great Benefits!

- Choice of healthcare plans
- Choice of dental plans
- Flexible paid time off program
- Business casual dress
- 401(k) with matching
- Defined Contribution Retirement Plan
- Employee referral bonuses
- Education assistance
- Certification assistance
- Charitable giving

We value diversity and strive to be an employer of choice.

An Equal Opportunity Employer, M/F/D/V.
