Earn while you learn!

Are you an insurance major looking for the opportunity to learn more about the commercial insurance industry? Would you like to gain practical experience while earning your degree? If so, this program is the perfect fit!

Is this the program for me?

Before completing your degree, gain practical experience in the major disciplines of commercial insurance. Plus, you'll be working for an organization that has been recognized by Ward's 50 Benchmark Group in the property-casualty field for five consecutive years.*

"This has been a great experience.
I would not take it back for anything."

How does the program work?

The program includes rotations in Loss Control, Claims, Field Marketing & Underwriting, and Premium Audit, plus a corporate visit. Get to know each department while completing work assignments and projects. Take part in professional opportunities, such as:

- Attending Loss Control accident investigations, when appropriate
- Attending court hearings in Claims
- Learning how Marketing Underwriters evaluate new accounts
- Shadowing Premium Auditors on audits

Qualifications

- Students at the junior or senior level currently pursuing a bachelor's degree in insurance
- Strong consideration is given to students actively involved in leadership roles
